Pasadena City College | CA, USA

Associate degree of Arts

Major in Economic/Sociology

- Core Course: Calculus, Macro/Microeconomics, Contemporary social problems

RESEARCH EXPERIENCE

University of California, Berkeley

Advisor: Ian Davis

How does online media censorship affect what different people publish on the web?

08/2022-01/2023

Independent Project

- **Research background:** By examining censorship in online social media, we reflect on whether there is fairness and freedom of expression in the internet; and whether there are the same restrictions on online media in law as in real life.
- We conduct a series of studies on media law and find and summarize the stories and reasons for the banning of accounts that have been reported on the Internet. Identify several reasons and factors that contribute to censorship and freedom of expression online.
- Determine if there is a link between online media censorship and the content they post or share on social media platforms by creating research questions and writing into the study.

09/2022-05/2023

- *Participate in some legal activities in the alliance (e.g., legal science lectures, advice from lawyers to international students, etc.)*
- *Help some members with basic legal knowledge.*
- *Work with alliance partner attorneys to resolve some cases and learn the process.*

Community service

08/2019-09/2019

Promoter, Municipal Elections

- Helped the Mayor of San Gabriel (Chin Ho Liao) with his election canvassing campaign.
- Promote the election campaign in the community by distributing flyers and visiting people at regular community outreach sites.

06/2018-08/2018

Founder, Almansor Basketball Tournament

- Due to the low level of basketball infrastructure in the community, we are promoting more exposure and participation in this activity by covering the community basketball tournament. It is expected that the community's infrastructure will be updated.
- Obtained over \$3,500 in event funding in the form of publicity; for hosting and awarding players who placed in the tournament but not cash prizes. Helped some runners purchase athletic shoes or sports equipment through gift cards. Inspired more people to participate in the event.

LANGUAGE

Mandarin: Native speaker

English: fluent Listener, Fluent Speaker, fluent Reading and Writing
